NOTABLE MEETING OF RELIGIOUS BODIES

Conventions Are Important Feature of the Month.

PRESBYTERIANS AT BIRMINGHAM

Matters of Great Import Are To Be Passed Upon—Episcopalians Will Consider Question of Two Dioceses for Georgia Convention.

Atlanta, May 16.—The south is soon to witness three of the most notable religious conventions in its history, occurring practically at the same time in different parts of the country.

The Presbyterians meet at Birmingham May 16 with their general conference for the whole Southern Presbyterian church; the Baptists meet the same time at Richmond for their general southern convention, and the Episcopalians met Wednesday in Savannah for the state convention.

The Episcopalians will have up for discussion the divisions proposed for the making of two dioceses of the Georgia convention. Rumor has been current for some time that no division would be made, although it was provided for by the general convention of the church if it was deemed advisable.

Conidorable discussion was at first indulged in as to which part of the state Bishop C. K. Nelson would take for his territory. Then came the rumor that no division would be made for the present, and much interest centers therefore in the probable action which this convention will take.

The Presbyterian general conference will have up for consideration as the main issue the voting upon the proposed plans for closer relations with the northern Presbyterian church. It is believed by many that the semi-union plans will be voted down and that closer relations in the form of organism will not be adopted.

From all indications there will be a larger attendance at the present general assembly than has ever attended one of the Southern Presbyterian church.

At no time in their history have Baptist hosts gone to a general convention with higher hopes or greater expectations. There are plans on foot for the raising of $500,000 for foreign missions and $400,000 for the home missions. This is the most colossal sum the church has ever before planned for.

BALES IN SIGHT 12,604,352.

Hester's Analysis of the Cotton Movement to April 30.

New Orleans, May 16.—Secretary Hester's analysis of the cotton movement for eight months, from Sept. 1 to the close of April, inclusive, shows that compared with the crop movement last year, Texas, including Indian Territory, has brought into sight this season in round figures 1,539,500 bales more; other gulf states, including Arkansas, Louisiana, Mississippi, Tennessee,, Missouri and Oklahoma have marketed 979,000 more, and the Atlantic states of North and South Carolina, Georgia, Florida, Alabama and Virginia, 76,000 more, making the total increase 2,394,000 bales over last year.

The amount brought into sight by groups of states follows:

Texas and Indian Territory, 4,321,691; other gulf states, 3,857,927; Atlantic states, 4,424,734.

Total crop in sight at close of April 12,604,352, an increase over last year of 2,594,675, an increase over year before last of 1,069,904, and an increase over the same time in 1904 of 3,110,527.

Offered Presidency.

Boston, May 16.—Benjamin Ide Wheeler, president of the University of California, has been offered the presidency of the Massachusetts Institute of Technology to succeed President Henry S. Pritchett, who announced his resignation last December to devote his attention to the Carnegie foundation.

STRIKERS GROW VIOLENT.

Riotous Demonstrations Occur In San Francisco.

San Francisco, May 16—The United Railroads operated 102 cars on Tuesday, and everything passed off quietly outside of the district south of Market street. Here the hoodlum element which predominates, kept up a riotous demonstration all during the day and with heavy odds on their side, beat and abused the passengers and carmen on the cars to their heart's content. The police from all accounts lost control of the situation, and a number of acts of brutal violence have been reported.

Fifty thousand people rode on the cars Tuesday, according to returns of the company's officials.

The general labor situation remains unchanged. The telephone operators are still out, although it is reported that quite a number of the girls are returning to their work.

The electrical workers held a meeting Tuesday night to consider their course of action in regard to the strike of the car men, but their action is not reported. The labor council also met.

The car men are now directing their energies toward formulating a plan for the municipal ownership of the street railways, and W. D. Mahon, president of the Association of Street Railway Employees of America, expresses the belief that this will follow the present strike.

BATTLESHIPS LEAVING.

Japanese and Austrian Squadrons Sail from Hampton Roads.

Norlolk, Va., May 16.—The Japanese and Austrian squadrons and the first of the American fleet of battleships at the Jamestown exposition to depart from Hampton Roads sailed Tuesday. The Japanese cruisers Tsukuba and Chitose passed out the Virginia Capes and the Austrian cruisers Sankt Georg and Aspern passed up Chesapeake bay for Annapolis.

The United States battleships Maine and New Jersey also passed out the capes bound north.

The Japanese squadron goes to New York incident to the reception and festivities which occur there this week in connection with the visit of General Kuroki.

The Italian squadron composed of the Duke De Abruzzi's flagship, the Varez and the cruiser Etruria, will sail for Philadelphia and New York. The Japanese, Austrians and Italians will all return to Hampton Roads to be present when President Roosevelt next visits the Jamestown exposition, June 10th.

Wine Growers Protest.

Paris, May 16.—The protest of the winegrowers at Bize last Sunday over the breaking down of the industry by the making of low grades of wines has resulted in the minister of finance telegraphing for full reports on the subject from the tax collectors. The towns if Bize, Baixas and Cuxas carried out the threat made at Sunday's demonstration to pay no more taxes. The mayors of Narbonne and other towns in the Midi district threaten to resign unless parliament takes steps to relieve this situation.

Large Sum for Missions.

New York, May 16.—Sixty thousand dollars is the sum collected by the woman's board of foreign missions of the Reformed Church of America as announced at the Thirty-third annual meeting held here on Tuesday. This is the largest amount ever raised for foreign missionary work by this body, and the report of the treasurer, Mrs. F. S. Douglas, was received with great enthusiasm. More than 600 delegates were present.

Shot to Death Attending Church.

Seale, Ala., May 16.—News has reached Seale of the killing of Rapier Wilson, a negro boy 15 years of age, by Arthur Allen, also a negro, at a negro church near Crawford, Ala., Sunday night. Allen used a 44 caliber pistol and Wilson died almost instantly.

Snow Falls in Kentucky.

Paducah, Ky., May 16.—Snow fell in Paducah early Wednesday. The flurry lasted but a short time, but was plainly visible on the ground.

85,000 OPERATIVES TO GET WAGE RAISE

Cotton Mills of New England to Pay More For Labor.

AN ADVANCE OF 10 PER CENT

Practically Every Cotton Mill In Rhode Island Will Increase Wages Soon. Canadian Mills Also Revising the wage Lists.

Boston, May 16—According to advices from the leading cotton mill centers of southern New England, fully 85,000 operatives will have their wages increased about 10 per cent, beginning Monday, May 27.

The latest upward movement in mill wages originated in Fall River, where a new agreement recently announced, provides for a higher schedule May 27.

About 30,000 hands are employed by Fall River mills. Nearly 25,000 operatives in New Bedford wil also receive a 10 per cent advance, announcement of which was made Tuesday.

In Providence mill circles, it is stated that practically every cotton mill in Rhode Island will increase the wages of the operatives probably 10 per cent on May 27, or a week later.

The action of Rhode Island mill owners will affect about 25,000 employees in that state, eastern Connecticut and in half a dozen Massachusetts villages, where the factories are controlled by Providence mill interests.

At this time it is not known what action, if any, will be taken by the mills of north New England.

Three print cloth mills in New Hampshire and one in Maine usually adopt the Fall River wage list, and it is probable they will make a change when the mills in that city do so.

The Canadian mills are also revising the wage lists. Half a dozen corporations in Quebec province and two mills in St. John, New Brunswick, advanced wages about 10 per cent this month.

RATHER ODD SITUATION.

Man Robbed Carries Robber to Paris to Locate Stolen Property.

New York, May 16—Sidney Smith, well known in New York society, and member of many clubs, steamed for Europe Tuesday on the Kaiser Wilhelm II and had as his guest George C. Collins, alias Bevington, a deserter from the British army, and self-confessed thief. Mr. Smith pays all expenses and made little or no attempt to conceal his somewhat odd situation.

Collins or Bevington, is the valet for Morrison Warren, and in March last took from Mr. Smith's apartment in the Hotel Ritz, Paris, money and jewelry to the value of $15,000. After his arrest here, he confessed, and declared that $10,000 worth of the property is in a metal box that is hidden under a bed in a room of a house in Paris.

Mr. Smith is taking him over theer to give him a chance to prove the truth of his assertions. It would not do the valet any good to tell an untruth, because the French authorities will be awaiting him at Havre anyhow.

Bevington himself offered to go to France without awaiting extradition papers, in the custody of the man he robbed.

Council of Red Men.

Athens, Ga., May 16—Great Council of Improved Order of Red Men met Tuesday morning in the Colonial theater. The welcome address was delivered by Mayor Dorsey, and responded to by Orion Roberts. The largest crowd in years attended. Columbus, Ga., was unanimously chosen for the next place of meeting.

558 Registered Voters in Dublin.

Dublin, Ga., May 16—The city registration books have closed and the registrars are now at work purging the list of disqualified voters. The books show that 558 voters registered.

VICTIM OF "BLACK HAND."

Wealthy Italian Could Not Escape the Vengeance of His Enemies.

Newark, N. J., May 16.—Driven from his home in Newark for fear of vengeance from "the black hand," Vincenzo Bufardo escaped to his old home in Italy, only to meet death in the very form it had been threatened at this place.

Word of his death was received by friends here. Bufardo came to America a number of years ago, and amassed a considerable fortune by conducting a bakery in Brooklyn.

Suddenly, without giving any reason, he disappeared, from Brooklyn with his wife and later appeared here where he soon built up a thriving business. In February he received a letter from the "Black Hand" demanding $2,000 on pain of death. He turned the letter over to the police. A week later he received an even more threatening letter. A third letter followed soon after and several attempts were made to hold him up on the street, but he always escaped.

When a fourth letter arrived, Bufardo became thoroughly frightened. He sold out his business, and with all the money he could raise, he went to New York and sailed for his old home just outside of Genoa, Italy.

Three days after he arrived there, the letter says, his body was found in the road outside his house. He had been shot in the back and his throat cut.

COTTON SEED PRODUCTS.

United States Realized $31,000,000 from Exports if Same Last Year.

Washington, May 16—Foreign markets for the sale of American cotton products is the title of a pamphlet issued Wednesday by the department of commerce and labor, through the bureau of manufactures, for distribution among the manufacturers of cotton fabrics and cotton seed products.

The pamphlet contains reports from the special agents of the department and from consular officers on the market conditions in China, Japan, India, Australia and South American countries. Another pamphlet has been issued on the sale of cotton seed products in the foreign markets.

The extent to which coutries, and is used in European countries, and especially in those porducing olive oil, and the purposes for which the cotton seed oil are used, are fully set forth. The value of the cotton seed products exported by the United States last year, according to the reports of the department's agents, was upwards of $31,000,000. The general opinion expressed by the consular officers is that the sale of cotton oil and cake can be greatly increased by careful study of market conditions and strict compliance with the local demands.

Ryan Going Into Politics.

New York, May 16.—Thomas F. Ryan, the financier, declined to make any statement on the reports from Richmond, Va., that he was gradually withdrawing from business activities, with the purpose of retiring to his estate in Nelson county, Virginia, where he would devote himself to his books and stock farm. Mr. Ryan some time ago withdrew from the directorates of several large corporations and the financial district has heard for some time that he would return to Virginia, where he would become actively engaged in politics. Mr. Ryan sent out word from his office that he would say nothing regarding these reports.

Brakeman Killed in Wreck.

Reading, Cal., May 16.—Northbound Portland passenger train No. 2, on the Southern Pacific, was run into by two light engines at Copley Tuesday night. Brakeman Will Jones, of Sacramento, was instantly killed. According to the latest reports no one was injurered except Jones. Both engines were wrecked and the mail and baggage cars were badly damaged.

Cotton Crop Replanted.

Villa Rica, Ga., May 16.—Most all farmers are replanting some cotton. Some of them are replanting their entire crop, while others are planting only a few acres. The recent cool weather and hard rains damaged the seed.

WILL STAND FIRM SAY LONGSHOREMEN

Efforts at Arbitration Prove Unavsiling.

NO SETTLEMENT YET IN SIGHT

Strikers Are Said To Be More Determined than Ever, and Will Not Return to Work Until They Get Wage Increase Demanded.

New York, May 16.—Both the representatives of the transAtlantic steamship companies and the striking longshoremen maintain a firm position in their respective stands, so that the great docks strike seems no nearer a settlement than it did a week ago.

The steamship men declare that they are moving ships and such freight as must be speedily handled with the aid of the nonunion men they have secured, and that the longshoremen will soon tire of the strike and return to work.

The strikers, on the other hand, say there is no wavering in their ranks, that the men are more eager than ever, and that they will not return to work until they secure the increase in wages they have demanded of the companies.

All attempts at arbitration have, so far, proved unavailing.

SPECIAL FUNERAL TRAIN.

Twenty-Eight Dead Shriners Borne to Their Respective Homes.

San Francisco, May 16.—The special train containing the bodies of 28 of the Shriners and others killed in the Southern Pacific wreck at Honda last Saturday reached the Oakland pier at 1 o'clock Wednesday morning. After a change of engines it immediately left for Buffalo and Pennsylvania points over the Southern and Union Pacific, St. Paul, Wabash and Pennsylvania lines. It will run on special time and will reach Buffalo on Sunday at noon, where a committee of Reading, Pa., Shriners of Rajah Temple will meet the funeral party.

The train consists if a baggage car containing the twenty-eight bodies, a composite car, a diner and one Pullman.

The train left Santa Barbara with nineteen bodies and took on nine more on reaching San Luis Obispo.

Up Before Committee.

Washington, May 16.—The investigation by the senate committee on military affairs, of the Brownsville rioting case, was resumed. Thirty-three witnesses have been called most of them at th erequest of Senator Warner, who is in charge of the administration's side of the case, and it is expected that testimony will be offered against the negro discharged soldiers. Heretofore practically all of the testimony has been in favor of the negroes. There is no indication how long the committees will be in session.

Goes Out of Commission.

New York, May 16.—The cruiser Baltimore, lying at the navy yard in Brooklyn, went out of commission on Tuesday when her flag was lowered and Lieutenant Commander C. W. Stone turned the craft over to the department of construction and repairs. It is said that the Baltimore which went into commission in 1888 will be converted into a mine layer vessel. The Baltimore took part in the famous battle of Manila bay during the Spanish-American war.

Royal Infant Doing Well.

Madrid, May 16.—Queen Victoria and the newly born Prince Alfonso are both in good health. Preparations for the baptism of the heir-apparent which will take place Saturday, are progressing.

Bank Robbed of $10,000.

Topeka, Kans., May 16.—Officials of the Citizen's bank of North Topeka admitted Tuesday that the safe had been entered some time between Saturday night and last Monday morning and robbed of $10,000.

LAST DAY OF THE DIOCESAN MEETING

Day's Proceedings Were Full of Interest from Morning Till Night.

BEGAN WITH HOLY COMMUNION

There Were Business Sessions in the Morning and Afternoon, With Special Service, With Sermon by Rev. R. W. Patton in the Evening.

The second and concluding day of the sixty-fourth annual session of the Episcopal Diocesan meeting of Florida, which has been convening with Holy Trinity Church, was one of great success in every way, the program for the day being a most impressive one.

At 7 o'clock there was a celebration of the holy communion, which was largely attended.

At 9:30 a. m. and 2:30 p. m. the council met in business session, when many matters of importance were transacted.

In the afternoon at 4 o'clock the visiting members of the Woman's Auxiliary were driven around the city, visiting the various points of interest, at which they expressed great pleasure.

At 8 o'clock in the evening there was a special service, the sermon being delivered by Rev. R. W. Patton, a minister of pleasing and impressive address. The service was well attended, and those present thoroughly enjoyed the sermon and services.

As a whole, this meeting, which was one of the most largely attended and most successful in the State for several years, will be long remembered, and the visitors were very much impressed with Gainesville and the hospitality extended them here.

SOUTH ATLANTIC LEAGUE.

List of Games Played Thursday, Together With the Result.

Through the courtesy of the Elks' Club, who have arranged to receive through the Western Union the report of the result of the ball games of the South Atlantic League each night, The Sun has the pleasure to present this morning, several hours in advance of any other paper, the score, which were as follows:

Jacksonville 3, Columbia 0.

Charleston 1, Macon 0.

Augusta 3, Savannah 0.

This report keeps the Florida team still in the lead, making a considerably better average than the competing teams.

Ocala Was Victorious.

A telegram received by The Sun from A. A. Graham, Ocala, last night, states that in the baseball contest between the Brick City and Dunnellon, Ocala came out largely victorious, the score being thirteen to a goose-egg. Ocala is playing good ball this season.

FURIOUS ITCHING HUMOR ON CHILD

Bleeding Sores Covered Her Whole Body After an Attack of Measles—Nursed Every Night for Three Weeks—Nothing Helped Her.

THEN CUTICURA MAKES COMPLETE CURE IN 5 DAYS

"It is in my opinion my duty to join those who praise the Cuticura Remedies. After my granddaughter of about seven years had been cured of the measles, she was attacked about a fortnight later by a furious, itching and painful eruption all over her body, especially the upper part of it, forming watery and bleeding sores, especially under the arms, of considerable size. She suffered a great deal and for three weeks we nursed her every night, using all the remedies we could think of. Nothing would help. We then remembered having heard so much about Cuticura Remedies. We sent for them and after twenty-four hours we noted considerable improvement, and, after using only one complete set of the Cuticura Remedies, in five consecutive days the little one, much to our joy, had been entirely cured, and has been well for a long time. Mrs. F. Ruefenacht, R. F. D. 3, Bakersfield, Cal., June 25 and July 20, 1906."

HUMOR ON FACE

Cured by Cuticura Remedies No Return in 20 Years.

"My son, when a lad of sixteen, was troubled with humor on his face and after using Cuticura Remedies he was freed from every humor and has continued so to the present time after twenty years have passed. Your Cuticura Soap has been used in my family for several years and I have faith in the Cuticura Remedies. A. H. Smith, Marion, Me., Dec. 1, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. DEATH OF MRS. GLEASON.

Succumbed to Blood Poison, After Illness of Three Months.

Mrs. Minnie Louis Gleason, wife of George A. Gleason, died at the home of her uncle, County Treasurer R. B. Peeler, at 10:30 o'clock Thursday morning, after an illness of about three weeks from blood poison.

Deceased was born October 9, 1871, hence was thirty-six years of age. Her parents having died in her early life, she was taken, with other children, by her uncle, Mr. Peeler, who reared her.

On January 8, 1893, deceased was married to George A. Gleason, and to them five children have been born—four boys and one girl, the latter only fifteen months of age.

Deceased was a consistent Christian, and was active from the time she joined the Methodist church, having been a regular attendant in all branches of the church. She was never happier or more contented than when she was working in the cause of Christ, and her deeds will live after her.

Besides her husband and children, deceased leaves two brothers, Chas. B. and J. M. Peeler of Jacksonville.

The funeral will be held this morning from the residence at 10 o'clock, Rev. T. J. Nixon of the First Methodist church conducting the ceremonies. The pall-bearers are J. S. Crown, R. L. Barton, W. B. Crown, Thad Davis, Clinton Crown, Sr., T. E. McDonald.

The sympathy of the community is extended the bereaved husband and relatives in this sad hour of bereavement.

THE CIRCUIT COURT.

Entire Day Thursday Consumed in Important Murder Case.

The entire day of the circuit court was occupied Thursday in the case of the State vs. Sam Hall, murder, at the conclusion of the day the jury bringing a verdict of murder in the second degree.

In the case of the State vs. Ollie Royal, murder, case was called for trial, but continued upon application of defendant on account of the absence of a material witness.

The Sun acknowledges an aggreeable call yesterday from Harry L. Brown of St. Augustine, editor and general manager of The Record, one of the best dailies in Florida. Mr. Brown, who is a newspaper man of ability, as he has demonstrated with The Record, was a delegate to the diocesan meeting of the Episcopal Church.

Miss Irene McCreary arrived yesterday from Tallahassee, where she has been for the past few days with her parents, Senator and Mrs. H. H. McCreary. Miss McCreary recently returned from a delightful visit to her friend, Miss Margaret Jackson, in Paragould, Ark., joining her mother at the U. D. C. Convention in Jacksonville, from whence she proceeded to Tallahassee. Her Gainesville friends are delighted to welcome her again.

We have received a program of the commencement exercises of the Presbyterian College, Charlotte, N. C., which were held May 10th to 14th, which, judging from the nature of the numbers, was a most interesting affair. Miss Leonora Vidal, who is attending the college, added to the occasion by the rendition of piano and organ music on the musical program. This was Miss Vidal's first season at that institution, and friends will be delighted to know that she progressed nicely.

A Small Accident.

An accident which, though of no significant importance, delayed several trains on the Atlantic Coast Line a few hours, occurred at the junction of the Seaboard Air Line and A. C. L. Thursday morning, when a "pusher" derailed several cars directly on the crossing.

There was no loss of life, and the property damage was comparatively little; but the fact that the derailment occurred on the crossing prevented any of the A. C. L. southbound trains from moving, hence there was a block for some time.

The debris was cleared away in the afternoon, where all trains resumed their runs.

BURTONS TO LIVE OAK.

Left Thursday to Make the West Florida City Their Future Home.

After a residence of many years in this city, during which time they have endeared themselves to many friends, J. J. Burton and family left Thursday for Live Oak, which city they will make their future home.

Mr. Burton intended originally to go to Waycross, which he declared to be one of the best cities in Southwest Georgia, but later decided not to leave Florida, and selected Live Oak.

Friends of this estimable family regret very much to see them leave, but wish them much success and good health in their new home.

MOVEMENT NOW TO SPLIT ALACHUA

Effort is Made to Give Part of Alachua to Levy County.

INFORMATION JUST RECEIVED

Nothing Was Heard or Intimated of Action on This County Division Until Dr. Kelley's Telegram Was Received—The Bill a Mystery.

Tallahassee, May 16, 1907.

Jesse E. Burtz, Gainesville, Fla.

"There is now a bill on the third reading in the House, giving a slice of Alachua county to Levy county. J. L. KELLEY."

The above telegram was received Thursday evening at 7:30 o'clock from J. L. Kelley, Superintendent of Public Instruction of Alachua county, who is now in Tallahassee. There was no advance information, and the question is, "What is the matter in Tallahassee?"

The recipent of the telegram, who realizes and appreciates the alleviance of Dr. Kelley to his friends, would have thanked the sender for more explicit information. He would have liked to have known why the advocate prosecuted the claims for a division, since as far as we know there has been no opposition to owning property and residing in Alachua county, which we all know is the banner interior county of the State in every way.

Prominent Visitors.

The city editor of The Sun acknowledges a friendly personal visit Thursday from Captain Thomas J. Moore and Hon. J. E. Grady of Apalachicola, who have been here for the past two days in attendance at the Diocesan meeting of the Episcopal Church. Both of these gentlemen have known the city editor since boyhood, and notwithstanding that it has been several years since they had the pleasure of meeting personally again, on the part of the city editor it may be said that the visit proved a most pleasant one. Both gentlemen are prominent in their home town, Mr. Grady being an extensive business man, a brother of Hon. J. E. Grady, collector of customs under the Cleveland administration, and Captain Grady a young man of exceptional qualifications in every way.

Col. Grady and Captain Moore went for a drive about the city as guests of Mr. and Mrs. Shields Warren, and were greatly pleased with the magnificent residences and other places here.

Another Waldo Death.

Miss Alma Sanderson, the trained nurse, has returned from Waldo, where she reports on Wednesday morning at 11 o'clock the death of Mrs. J. J. Hicks, who has suffered for the past three weeks with typhoid fever, notwithstanding the careful attention of loving relatives and friends, and the best medical attention that could be secured.

The funeral occurred near Hampton Thursday afternoon, and was largely attended, deceased being well known and loved in the section in which she was known.

Deceased is survived by Mr. Hicks and one son, about six years of age, to whom the sympathy of the community is extended.

Train Service Delayed.

Jackson, Miss., May 16.—Train service on the Gulf and Ship Island railroad has been suspended since Tuesday on account of washouts, and a big gang of workmen is at work repairing the damage. Reports coming in from Tuesday's storm show that a great deal of damage was done in this section. The Birmingham fertilizer plant in the north part of the city was unroofed and many outbuildings damaged. Pearl river is rising rapidly.

Created Grand Duchess.

St. Petersburg, May 16.—An imperial order was issued cerating the Princess Anastasia of Montenegro, who was married May 12 at Yalta to the Grand Duke Nicholas Nicholaievitch, a grand duchess, and announcing the emperor's sanction of the union. Informal cognizance has hitherto been taken of the marriage owing to the attitude of the orthodox church towards the remarriage of divorced persons, the grand duchess having been divorced from her first husband.

WHY HE KILLED HIMSELF.

Chicagoan Gives Reasons for Committing Self-Destruction.

Chicago, May 15.—Six reasons why he killed himself were given by Beauford L. Leeds, a guest of the Warner hotel, who was found dead in his room Monday evening, having committed suicide by taking strychnine. The reasons were as follows:

"I have been dissatisfied since I was a child. 2. I have been handicapped throughout life with deformed feet. 3. One side of my body has been partially paralyzed for the past ten years. 4. My right hand has been ruined by an accident. 5. I have been a sufferer from neuralgia. 6. I have been up against a score of financial misfortunes."

Leeds, who, it is supposed was a chemist, left a letter addressed to Miss Blanche E. Keller, of Swanton, O., and it is believed his home was at that place. He was about 30 years old.

LASSITUDE.

Many of those who at this season of the year experience a feeling of lassitude attribute it to the fact that it is Spring, whereas the season itself is by no means the cause of the sensation. This, more often than not, say physicians, is due to the fact that the human system reaches a point in the spring season when a thorough "cleaning up" is needed. The machinery of the body needs going over once in a while, just as does that of a factory. Neglected, the body functions become deranged, and one of the most common manifestations of this is constipation. This especially in its chronic form, means that certain muscles of the body are not in condition to do their work properly, having become weak and inelastic. To overcome this condition is to cure constipation—not simply give relief to the sufferer—and for this purpose medical men of experience are using with great success a combination of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bi-Carbonate of Soda, ½ oz. water and 1½ ozs. Glycerine. Of this a teaspoonful is administered at bedtime and before each meal, and this is continued until there is free movement of the bowels. Any good pharmacist can put up the preparation.

Twenty-Eighth Annual Reunion.

Washington, May 15.—More than eight hundred hotel proprietors and clerks from every state in the union and from many Canadian cities, are in Washington to attend the twenty-eighth annual reunion of the Hotel Men's Mutual Benefit association, which convened here Monday for a four-days session.

ELEVENTH ANNUAL MEET.

National Cotton Manufacturers Assemble at Philadelphia.

Philadelphia, May 16—With an attendance of nearly two thousand members, the eleventh annua lconvention of the National Cotton Manufacturers' asociation opened here Wednesday. In connection with the convention the cotton men are exhibiting all the branches of their business at the first regiment armory. The association held a session Wednesday forenoon and held another Wednesday afternoon and evening, and they were given over to the exhibition, and to many entertainments provided by the local members of the organization. Wednesday's session was devoted almost entirely to the reading of papers on subjects connected with the cotton industry..

Arthur H. Lowe, president of the association, in his annual address, said it was to be regretted that the honest efforts made in perfect good faith by some of the cotton manufacturers to divert the flow of immigrants from the cities where they are not wanted, to the south, where there is need for labor, should have "offered opportunity to the government officials at the behest of labor organization to prosecute the manufacturers."

"The labor situation is the most important problem before the cotton manufacturers today," said Mr. Lowe. "The shortage in the south is so great that th ecotton mill building is almost at a stand still compared with what it is in England."

E. J. Watson, commissioner of immigration of South Carolina, said the time has come for the American manufacturer and the American laborer without regard to section, to join hands and eliminate the political demagogue whose mission in life seems to be to array labor against capital, and section against section, without regard to any other intreest than his own petty political advancement."

He suggested that desirable immigrants be brought directly into the south through a southern port of entry.

DON'T PUT IT OFF LONGER.

Get Rid of That Indigestion at Once by Using Mi-o-na.

Either through slackness or carelessness hundreds of people slowly poison themselves by chronic indigestion. By neglecting to cure at once any sluggishness of the important organs of digestion the system is filled with fermenting and decaying food that results in sick headaches, heartburn, bad taste in the mouth, coated tongue, specks before the eyes, sleeplessness, nervous troubles and the many other symptoms that are the direct result of indigestion.

The want of a perfectly safe yet effective cure for indigestion and stomach troubles in their many forms was felt up to the time of the successful investigations that resulted in the production of Mi-o-na stomach tablets. They quickly cure the worst cases of indigestion, and the pain and distress which are often felt after meals disappear in a very few days—such is the wonderful curative power of Mi-o-na.

The old-fashioned medicines for stomach troubles merely digest the food, while Mi-o-na strengthens the digestive organs so that they soon become able to care for the food that is eaten.

Miona stomach tablets cost but 50 cents a box and do more real good than a dozen boxes of the ordinary digestive tablets. J. W. McCollum gives an absolute, unqualified guarantee to refund the money if Mi-o-na fails to cure.

ORDER OF CONDUCTORS.

Two Thousand Ticket Punchers Take Memphis by Storm.

Memphis, May 15.—With the incoming trains Monday and Tuesday night, not less than 2,000 railroad conductors with their wives and members of their families, arrived in the city of Memphis to attend the thirty-first general session of the Order of Railway Conductors. All of the grand officers are in attendance, and the sessions will last eight days.

The first business session was called Tuesday afternoon.

A public reception was tendered the visitors Tuesday night at which addresses were delivered by prominent men.

BACKACHE AND DESPONDENCY

MISS LENA NAGEL

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:— "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

FLORIDA LEGISLATORS WERE VERY ELOQUENT

Indulged in Unlimited Amount of Eloquent Oratory During Day.

UNIFORMITY SCHOOL TEXT BOOK

Consideration of Measure Was Begun and Lasted for Some Time, But No Vote Was Reached—Other Matters of Importance in Both Branches.

The events of Wednesday in legislative halls were not startling but there was considerable more than the usual amount of oratory. The failure to reach a vote on any of the school-book propositions was not entirely unexpected. The debate on the Crane substitute for the Humphries bill continued yesterday.

The Senate bill providing appropriation for the State educational institutions was made special order for 10 o'clock Friday morning.

An investigating committee to investigate an investigating committee is the latest proposition in the House, which was provided for Wednesday by the Calkins resolutions, meanwhile the Senate committee to consider the preliminary report of the investigating committee will doubtless report their conclusions by bill or otherwise in a day or two. This Senate committee was not easily secured as several Senators asked to be excused on account of other committee work which occupied their full time.

SENATE PROCEEDINGS.

The Senate was called to order at 9:30 o'clock Wednesday, with President Harris in the chair and thirty Senators responded to roll call.

The following new bills were introduced:

Senate bill No. 406, by Mr. Adams—Providing for payments of surplus funds in fine and forfeiture fund in Hamilton county in excess of $500 into the road fund of said county. Rules waived, bill read second time by title, third time in full, and passed 25 to 0.

House memorial No. 17, by Mr. Donegan—Memoralizing the Congress of the United States for an appropriation for the improvement of the upper St. Johns river, was read the second and third time, and passed, 28 to0.

Senate bill No. 407, by Mr. McCreary—For the relief of W. A. Snowden of Micanopy, Alachua county.

Bills on Third Reading.

Waiving the regular order the Senate proceeded to the consideration of bills on third reading.

Senate bill No. 46, by Mr. Adams—A bill to be entitled an act authorizing the board of commissioners of the State institutions to purchase land for a prison farm; to erect buildings and equip said farm, and directing that certain prisoners be not leased for pay, and providing the means to defray the expense necessary to carry out the provisions of this act; was read the third time in full. Senator Willis took the floor in opposition to the bill, and said the farm could not be made self-sustaining, and criticised the bill as being too vague and indefinite. Senator Humphries agreed with Senator Willis, praising highly the present conditions, and especially the Central Hospital at Ocala, as maintained by the present lessees. He saw no reason for a change. Senator Broome simply remarked he opposed the bill.

After considerable discussion both for and against the measure, the bill was lost by the close vote of 14 ayes, 16 nays.

The hour of special order having arrived, the Senate, Senator Massey in the chair, proceeded to consider Senate bill No. 207, by Mr. Willis.

A bill to be entitled an act prescribing that each member-elect of the Board of County Commissioners of each county in the State of Florida, shall, before entering upon the duties of this office, give a good and sufficient bond, and prescribing a penalty for failure thereof.

Amendments offered by the judiciary committee were read and adopted and the bill ordered to the committee on engrossed bills.

The Senate then reverted to the regular order of bills on their third reading and Senate bill No. 199, by Mr. Crane—Providing for the regulation and control of the practice of veterinary medicine, surgery and dntistry, and to affix penalties, was read in full the third time and owing to a desire of some Senators to further examine the bill, the bill was informally passed.

House bill No. 82, by Mr. Olmstead—Amending general statutes relative to the preservation of wild otter and beaver, was read the third time and passed, 19 to 8.

The hour of 11:30 having arrived the Senate proceeded to the consideration of the special order set for that hour, this being Senate bill No. 54, by Mr. Beard—A bill to be entitled an act relating to liability of persons, firms, corporations and associations owning or operating any machinery in the conduct of any business in this State. The bill was read in full the second time with unfavorable report from the judiciary committee. Senator Buckman as chairman of the committee, moved indefinite postponement.

The bill was indefinitely postponed by a vote of 23 to 3.

A message from the Governor was received.

The special order for 12 o'clock was announced, this being Senate bill No. 29, by Mr. Crill—Establishing a geological survey for the State of Florida, to provide for the appointment of a State geologist, to define his duties, and to provide for the maintenance of the survey. The committee on mining and phosphate reported the bill favorably with amendment. The bill was read in full the second time and the amendment, which was adopted, and the bill ordered to committee on engrossed bills.

By permission the following new bill was introduced: Senate bill No. 408, by Mr. Neel—For the relief of the circuit court clerks of the State.

The pension bill was, on motion of Senator Broome, taken up and read the third time in full, being Senate bill No. 305, by Mr. Broome.

A bill to be entitled an act creating a State board of pensions, defining who shall not receive pensions, who shall be retained as pensioners, how applications shall be made, how pensions shall be paid, duty of county commissioners in regard to pensions, providing for the levy of a pension tax and authorizing the State Board of Pensions to make regulations to carry into effect the provisions of this act.

Several brief speeches were made on the bill by Senators Henderson, Hudson and Humphries, who, believing the pension bill too broad in its provisions, felt compelled to cast their votes against it.

Senator Broome defended the measure in his usual impressive manner.

On roll call the bill was passed by a vote of 25 to 4. The Senate then adjourned until 4 p. m.

Afternoon Session.

The Senate was called to order at 4 o'clock.

By permission Senator Crane introduced a bill to create the Florida State Board of Dental Surgeons.

Under head of special order the school book bill No. 101, by Mr. Humphries; No. 16 by Mr. Crane, and No. 34 by Mr. McCreary, were taken up, and resulted into lengthy discussions pro and con, but no action was taken in the premises when the Senate adjourned until 9:30 o'clock Thursday morning.

HOUSE PROCEEDINGS.

The House was called to order at 9:30 a. m., Speaker Pro Tem Knowles in the chair. Roll call, quorum present. Prayer by chaplan. Correction of journal.

Following resolutions were introduced:

House resolution No. 83, by Mr. Howell of Santa Rosa—Granting committee on appropriations until May 20 to report general appropriation bill; adopted.

House resolution No. 84, by Mr. Knight of Citrus—That on and after May 16, sessions of House be from 9 a. m. to 12:30 p. m., and from 3 p. m. to 6 p. m. Opposed by Mr. Willis, of Levy. Favored by Mr. Knight and Mr. DuPont; adopted. This does away with night sessions.

Introduction of Bills.

By Mr. Knight of Columbia—Relating to powers and duties of State auditor.

By Mr. Farris of Duval—Relief of Miss Lou P. Briggs, a teacher for forty-eight years. The bill appropriates $300 annually for the support of the lady, who is 75 years of age, and partially afflicted with paralysis. Mr. Farris moved that the rules be waived, and presented a strong petition in favor of the bill. Mr. Griggs suggested the matter should be referred to Duval county. The bill was referred to the appropriation committee.

By Mr. Willis of Gadsden—Relating to float logs against bridges.

By Mr. Wilson of Hernando—Relating to drainage and reclamation of swamps and overflowed lands, establishing drainage districts and creating board of drainage commissioners.

By. Mr. DuPont of St. Johns—State aid for exposition to be held on East Coast to commemorate opening of inland waterways. Mr. DuPont moved the bill be placed on calendar on second reading without reference to committee; carried.

By Mr. Dorman of Suwannee (by request)—Relating to co-operate life insurance companies.

By Mr. Reese of Escambia—Valuation of railroad properties for purpose of taxation.

By Mr. Paul of Holmes—Relief of clerks of circuit courts.

By Mr. Farris of Duval—Relating to foreign corporation doing business in State of Florida.

Special Order.

Mr. Knight in the chair.

Mr. MacWilliams moved a reconsideration of the passage of House bill No. 409, appropriating $26.000 for furnishing the Governor's mansion. He would be willing to appropriate $17,000, which he thought was sufficient. The roll was called, and the motion prevailed, yeas 37, nays 23, and the bill was then placed before the House. Mr. MacWilliams moved to strike out $25,000 and insert $17,000. The amendment was adopted, 38 ayes to 18 nays, the required two-thirds. The bill then passed, yeas 39, nays 2.

Mr. Richbourg asked that his bill—House bill No. 203—making 3 cents the maximum passenger rate, which was a special order at 11 a.m., be postponed until 10 a. m. Saturday. Mr. Griggs insisted the measure be acted upon now, without further delay, as he wanted to vote for it. Mr. Richbourg said the Long bill, providing a 2½ cent rate would be acted upon by the Senate Wednesday or Thursday. His motion to postpone prevailed. The House then resumed.

The Regular Order.

Messages from the Senate were read and the bills referred to the proper House committees.

Senate bill No. 405, by Mr. Adams, legalizing incorporation of town of Jasper, was, on motion of Mr. Bradshaw of Hamilton, passed under suspension of rules.

Senate bill No. 173, by Mr. Trammell—Relating to claims against railroads, was placed on the calendar of bills on second reading without reference to a committee.

Mr. Dupont of St. Johns introduced House bill No. 506, providing for submitting to the people at the next general election the question of moving the capitol to a point east of the Suwannee river. It was referred to the committee on miscellaneous legislation, after a motion to waive the rules was lost.

Bills on Third Reading.

House bill No. 191, by Mr. Reese of Escambia—Regulating sale of merchandise in bulk. The roll was called on the passage of the bill, ayes 33, nays 17; passed.

Bills on the third reading were taken up. Mr. MacWilliams in the chair.

By consent, House bill No. 507 was introduced by Mr. Matthews of Marion—Creating State board of dental examiners.

The hour of 3 having arrived and the House recurring to the special report of the joint committee to investigate the internal improvement fund, Mr. Calkins of Nassau introduced a resolution that a committee of five be appointed to investigate the proceedings of the joint investigating committee. Adopted by a vote of yeas 53, nays 29.

The chair appointed as a committee Messrs. Wilson of Hernando, Harvell of Santa Rosa, Knight of Columbia, Malone of Monroe and Wilson of Calhoun.

The House adjourned until Thursday morning at 9 o'clock.

SHORT TALKS BY L. T. COOPER.

ALL WORN OUT.

This is the time of year for the "all worn out" feeling. You hear it everywhere. "I'm all worn out." Did you ever stop to think what it means? Well, it means just this; 'my liver is dull and not working properly, my stomach is taking too much food which it is'nt digesting properly, I'm all clogged up from being indoors with so little fresh air all winter long, and my body is full of impurities. In consequence I'm dull, half feverish and tired all the time.' That is what 'all worn out' really means. Take a tablespoonful of Cooper's New Discovery three times a day for two weeks and the 'all worn out' feeling will certainly leave.

MR. JOHN BURGER.

Mr. Burger was 'all worn out' once. "For some weeks I suffered from an affection of the stomach that seemed to wear me out completely. My system was run down, my bowels constipated, I had dull headaches and although I was not sick enough to go to bed I did not have ambition to stir around. I read of Cooper's New Discovery and began using it. I am glad to say that two bottles put me on my feet and relieved every symptom of my trouble. It is one of the best system tonics I have ever heard of." John Burger, 1119 Hopkins St., Cincinnati, O.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Swedish parliament has reduced the tariff duty on corn about 60 per cent, which should greatly help our export of corn to that country. Sweden seems to be one of the few countries not putting up a tariff fight against us. Now what must we do in return? Admit Swedish iron at reduced duty, or still continue to protect the steel trust?

WHAT THE SOUTH OFFERS.

If from the highest peak east of the Rocky mountains, a bird's-eye view of the South could be had there would be seen a mighty, resistless, onward movement of a people who having struggled amid the darkness of the wilderness, strengthened in body and mind by the hard but victorious fight, have at last come in sight of the Promised Land. No longer moving wholly westward as heretofore, the tide of population would be seen to be turning Southward. The hardened veterans of the South's struggle for industrial independence would be seen drawing heavy reinforcements from the coming tide. Capital, the greatest coward on earth, which shunned the South in the days of its despair, now joins the procession, and the South, beggar no longer, invites the world's surplus money seeking the most profitable field on earth for investment—invites it not with the beggar's plea, but with the right to say that we are independent, we can stand alone, we have accumulated enough of money and of experience to insure a great and steady advance, but so vast is the field, so sure are the returns, that for the good of the investor, as well as for our good, we bid the world a welcome, that all may share in the utilization of these vast resources. Here, says the South to all mankind, is a region of which there is no duplicate. Here is ample room for a hundred million people to have the best conditions found on earth for the enjoyment of life, the building of a home, the development of business and the creation of wealth.

If the South has done this much with the discouraging conditions which it faced 25 years ago, what may we not expect now that the business world has come to realize that no other section of this country or any other offers equal opportunities for the investment of capital for the broadest development of manufacturing, mining, railroad and agricultural interests? And instead of having no immigration, as in the past, it is certain that we are to witness a great Southward movement of population. Picture the conditions of 1880 and the results accomplished since that time, then study the present situation; recall the fact that the manifestations of today in railroad extension, cotton manufacturing and other directions are merely the fulfillment of plans interrupted by the war, but based upon natural advantages that war could not destroy, and attempt to forecast what will be done in Southern advancement within the next 25 years.

GREEKS ON A STRIKE.

Having become dissatisfied evidently from the scale of wages paid them for sewerage work here, twenty of the forty Greeks who have been engaged on the work for the past ten days struck Wednesday, with the result that Contractor Beeman is twenty men short. Contractor Beeman, it is understood, has been paying the men from $1.25 to $1.75 per day, according to the quantity of work performed. They approached him in the matter, but being unable to understand English it was impossible to explain to them the situation, when they left the job. They demanded a round average salary of $1.75. In speaking of the matter, Contractor Beeman stated that a number of the men were operating at an actual loss to him, as some of them could not ditch more than five yards of dirt per day, and that even at $1.25 he was the loser. He admitted that others of them could throw up from ten to twelve, and in some instances fourteen yards, and he decided to pay them in proportion to their earning capacity. They were not satisfied with this, however, and walked off.

Contractor Beeman secured these Greeks from Tarpon Springs, where they have been engaged in sponge fishing. They all have money, ranging in sums of from $100 to $800, which they are said to keep securely in bills of large denomination in their socks in the bottom of their shoe. They are unable to understand a word of English, but have an interpreter employed.

Contractor Beeman states that the action of these men will not delay the completion of the contract, as he will secure negro labor, and that he expects to finish the work within the next six weeks.

The people of the United States consume 6,440,000,000 pounds of sugar, or about 76 pounds per captia. Of this about four-fifths is imported, one-fifth of which is imported from our own possessions, leaving two-fifths to come from for ign sources. Of this three-fifths, nearly two-thirds came from Cuba and only paid 80 per cent of the tariff on sugar. The sugar that came from Hawaii and Porto Rico paid no duty. What came from the Philippine Islands, our own possession, was subjected to 75 per cent of the regular rate of duty. Only about 21,000,000 pounds were imported from the Philippines or just about one-tenth as much as came in fr e of duty from Porto Rico. Does this look like a square deal to the Filipinos to charge them 75 per per cent of the tariff tax and allow the Hawaiians and Porto Ricans to import their products free? Is not the policy, asks The New York Journal of Commerce, of retaining any duty at all on Philippine sugar for the sole purpose of protecting the sugar trust, one of ineffable and almost inconceivable meanness deserving the contempt of every decent American?

Wall Street is reported to be "hopeful," but as the frenzied financiers who do business there are reducing their expenditures it is not apparent on what ground they base their hopes. There is the satisfaction to know that unless their hopes are realized the Republicans will have to get along with a reduced campaign fund at the next election.

Articles of Incorporation of the "Alachua Trading and Improvement Co."

We, the undersigned, have associated ourselves together and do hereby associate ourselves together for the purpose of forming ourselves into a body corporate under and by virtue of the laws of the State of Florida, and do adopt the following articles of incorporation:

ARTICLE 1—The name of this corporation is Alachua Trading and Improvement Company, and its principal place of business shall be in Tyler, Florida, but such branch offices, agencies, and other places of business, may be established elsewhere in the State of Florida and the United States, as the board of directors shall from time to time determine.

ARTICLE 2—The general nature of the business to be conducted, prosecuted, and engaged in, is to do any or all of the things herein set forth to the same extent as natural persons might or could do, that is to establish, conduct and maintain a general trading, mercantile, supply and manufacturing business, to buy, sell, pledge, handle and deal in and with all kinds of merchandise and personal property, to buy, sell, purchase, acquire, hold, use, lease and mortgage real estate, city or town property of every kind or description, to buy, sell, rent, and lease houses and other buildings and structures, to buy, build, rent and lease hotels, stores, commissaries and to establish and conduct the same and carry on the business of general merchants, to engage in and carry on the business of supplying gas, both natural and artificial for heat, light and power, to engage in and carry on the business of supplying water for private and public use, and to have and hold pipe lines and pumping stations for carrying on said business, to engage in and carry on the business of manufacturing ice and refrigeration for public and private use, to engage in and carry on the business of manufacturing and supplying electricity for light, heat, and power, to buy, construct, lease and carry on the business of communication by telephone, telegraph, or other means of communication and to construct and maintain the poles, wires and structures necessary to carry on said business, and to engage generally in the business of a Public Service Corporation, as may be determined by the board of directors to be advantageous to the business of the corporation. This corporation shall have the right to enter into, make and perform and carry out contracts of every kind and description with any person, firm, association or corporation. This corporation shall have the right to borrow money upon the issue of warrants, bonds or other negotiable securities of this corporation, to purchase, hold, and re-issue shares of its own capital stock, to buy, sell, own, and to dispose of shares and to make advances upon stocks, shares, bonds, securities or obligations of all other corporations or persons watsoever, whereever located or organized, and while the owner or holder thereof of such shares, stocks, bonds, or securities to exercise all the rights, powers, and privileges of the ownership thereof and to exercise any and all voting powers thereof.

This corporation shall have, use and enjoy all the rights, powers, and privileges granted to corporations for profit under the laws of the State of Florida. The foregoing shall be construed both as to its object and powers, and it is hereby expressly provided that the foregoing specific powers shall not in any way limit or restrict the powers of this corporation.

ARTICLE 3—The capital stock of this corporation shall be One Hundred Thousand Dollars divided into One Thousand shares of the par value of One Hundred Dolalrs each. Said stock shall be paid in, in lawful money of the United States, or payable in property, labor or services at a just valuation to be fixed by the directors at a meeting to be called for that purpose.

ARTICLE 4— The term for which this corporation shall exist, shall be Ninety-Nine years from the date of the letters patent.

ARTICLE 5, Sec. 1—The business of this corporation shall be conducted by a president, a vice-president, secretary and treasurer, and a board of six directors. The number of directors may be incresed or diminished by the by-laws. The directors shall be elected by the stock holders at each annual meeting. All other officers and agents of this corporation shall be elected annually by the directors. The annual meeting of this corporation shall be held on the first Tuesday after the 15th day of June of each year at the office of the company. The incorporators and stock holders shall meet at the office of the company in Tyler, Fla., on the 18th day of June, 1907, for the purpose of adopting by-laws, completing the organization of this corporation, electing officers for the ensuing year and transacting any business which may come before such meeting. Until the officers elected at the first annual meeting shall be qualified the business of this corporation shall be conducted by the following officers: S. D. Rice, president; L. G. Connell, vice-president; L. E. Tucker, secretary; R. S. Hudson, treasurer, and S. D. Rice, L. G. Connell, L. E. Tucker, R. S. Hudson, J. A. Beach, J. D. Turner as directors.

Section 2—The election of directors shall be by ballot, each stock holder being entitled to one vote for each share of stock owned by him.

Section 3—The directors shall procure a seal to be known as the corporate seal which will be circular in form, and bearing the words "Alachua Trading and Improvement Company" Seal 1907.

ARTICLE 6—The highest amount of indeptedness or liability to which this corporation can at any time subject itself shall be ($75,000) Seventy-five thousand dollars.

ARTICLE 7—The following persons are subscribers to this charter, and have each subscribed to and for the amount and number of shares set opposite their names:

S. D. Rice of Tyler, Fla., fifty (50) shares.

L. G. Connell of Tyler, Fla., fifty (50) shares.

J. D. Turner of Tyler, Fla., fifty (50) shares.

L. E. Tucker of Tyler, Fla., one (1) share.

R. S. Hudson of Tyler Fla., one (1) share.

J. A. Beach of Tyler, Fla., one (1) share.

The foregoing articles of incorporation are this day approved and adopted as a proposed charter of the corporation to be known as Alachua Trading and Improvement Company, at a meeting of the subscribers held at Tyler, Fla., for that purpose.

In witness whereof we have hereunto set our hands and seals this 23rd day of April, 1907.

FOR A GREATER ATLANTA.

Chamber of Commerce Passes Resolution.

Atlanta, May 16.—By a unanimous vote the chamber of commerce Tuesday night endorsed the greater Atlanta movement by the adoption of the following resolution introduced by H. A. Maier:

"Resolved, That we, the members of the chamber of commerce and friends here assembled, heartily endorse the proposed extension of the city limits of Atlanta and pledge our individual support."

Speeches endorsing the movement were made by Postmaster Blodgett, L. Z. Rosser, J. K. Orr, Sam W. Small, Frank P. Price, Judge Geo. Hillyer, Captain W. G. Raoul, Joel Hurt, J. L. Logan and Mayor W. B. Joyner, in the order named, besides representatives from the Columbus and DesMoines delegations here attending the high trainmen convention.

Dynamite Was Exploded.

Newbern, N. C., May 16.—A dynamite explosion in an abandoned tool house belonging to the Norfolk and Southern Railway company on the banks of the river Neuse, opposite this place Tuesday probably fatally injured Frank McGeehee, critically injured Watson Fannin, of Sally, S. C., and slightly hurt several others. Standing at a distance of perhaps 60 feet, and being ignorant of the contents of the tool house, McGeehee fired at a knot in the building with a pistol. The bullet came in contact with the dynamite which had been stored for use in connection with construction work on the railroad, and the explosion followed.

Knights of Columbus Convene.

Macon, Ga., May 166.—The state convention of the Knights of Columbus was in session here Tuesday, many prominent persons from Atlanta, Augusta, Savannah and Columbus being present. Victor J. Door, state deputy, presided. Bishop Keiley was heard during the afternoon session, and there was considerable lodge work. The state organization in all its departments was found to be in very excellent condition. The work of committees revealed great interest in the order throughout the state. Victor J. Door was re-elected to his position, as were nearly all of the other officers.

Lodge's Secretary Must Do Time.

Boston, Mass., May 16—An appeal of Robt. G. Proctor, formerly secretary to United States Senator Henry Cabot Lodge, in connection with his conviction for the alleged larceny of money given by John G. Bestgen, as a campaign contribution, was overruled by the full bench of the Massachusetts supreme court. Proctor was found guilty in the superior court and was sentenced to ten months in the house of correction.

Stop Grumbling.

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, $1.00. C. R. Smith, Tenaha, Tex., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. M. Johnson.

South Carolina Diocese.

Columbia, S. C., May 16.—The one hundred and seventy-first annual council of the South Carolina diocese of the Episcopal church convened here Tuesday, Bishop Ellison Capers presiding. The annual sermon was delivered by Rev. John Kershaw, of Charleston. One of the most important matters before the council is the election of a bishop coadjutor.

Woodmen of World Meet.

Norfolk, Va., May 16.—The biennial convention of the sovereign camp Woodmen of the World, convened here Tuesday with the delegates present representing nearly every state in the union. The body will be in session for from ten to fourteen days in conjunction with its woman's auxiliary, the Woodmen's Circle.

If You Don't

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mrs. C—, of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by W. M. Johnson.

First Peaches from Americus.

Americus, Ga., May 16.—The first peaches from Americus orchards this season, and probably first in the state were brought to market Tuesday afternoon. They were of the Sneed variety and good enough of the kind. Americus orchardmen expect to ship probably thirty cars of peaches this season, principally Georgia Belles, these escaping the April blizzard. Orchards are in good condition, and probably a half crop seems assured.

Strong Will Not Appeal Case.

Macon, Ga., May 16.—L. D. Strong, the man who was sentenced to a term of three years in the state penitentiary for the killing of Henry D. Smith, has decided that he will go to serve out his time without further effort in the courts. He made a statement to the public Tuesday after a long consultation with his attorneys, and expressed a willingness to abide the results.

Say They Were Locked Out.

Havana, May 15.—The striking cigarmakers called on Governor Magoon Tuesday and said that the blame for the men remaining out lay with the manufacturers, who had declared a lockout against them. The men desired to retur nto work if the employers desired them to do so. Women, it is said, will be put in place of the striking men. Thus far there have been no disturbances.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY IN GAINESVILLE

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

The Noblest Roman of Them All

THE FOLLOWING FROM THE PEN OF MR. MARC A. BLUMENBERG—EDITOR-IN-CHIEF OF "MUSICAL COURIER"—AND BEARING HIS SIGNATURE, IS ONE OF THE MOST APPRECIATED OF THE MANY COMPLIMENTS TO THE "EVERETT." IT DESERVES CAREFUL AND THOUGHTFUL READING BY THOSE WHO CONTEMPLATE THE SELECTION OF AN ARTISTIC PIANO:

J. A. HOMAN, the eminent writer on musical matters for The Cincinnati Enquirer, published in that paper on March 12, a review on the piano-playing of Alfred Reisenauer with Mr. Van der Stucken's orchestra Friday afternoon, March 11. It is a profound criticism from an acknowledged high authority.

In the course of his review Mr. Homan says: "It seems as though the beauty of tone which he elicited from the instrument was capable of expressing every shade in the divisions of an orchestra."

No one who reads this and who makes rightful claim to ordinary intelligence but will know that the "instrument" referred to was a piano. Those who keep themselves fairly well informed know that Mr. Reisenauer prefers and uses Everett pianos exclusively in his triumphant American tour.

Of course Mr. Homan did not mean to write, in his criticism of art, about the piano used by Mr. Reisenauer, except, indeed, as the wonderful quality of the instrument forced itself into the general effect, but—to thinking people—the result is the same as if Mr. Homan had written in the following words: "It seems as though the beauty of tone which he elicited from his Everett piano was capable of expressing every shade in the division of an orchestra."

If you search the archives of writings about pianos from the day of Adam to the present you will not find a higher tribute to a nobler piano.

Homan is right.

So are others, like myself, who agree with him and who have even gone a few steps ahead of him in their eulogium of the Everett. "Why don't you say of our piano what you say of the Everett?" a piano manufacturer of renown and age asked the other day. "Because you are not making an Everett," we replied, "not an artistic product like the Everett."
